About Me

I am a front-end developer with nearly three years of experience. Currently, I am enhancing my skills at Selani SMIT, focusing on HTML, CSS, JavaScript, and React, while also learning backend development. I am passionate about creating user-friendly web experiences and thrive on transforming design concepts into responsive websites. I stay updated with the latest web technologies and look forward to collaborating with innovative teams to build impactful digital solutions. I believe in continuous learning and strive to improve my skills to deliver the best results.
